Early Thoughts About Implementation:

- CCC largest system of higher education in the nation
- The CA Strategy will be as unique as the state
- Still working out the details, but recognize that:
  - Colleges are at various stages of GP implementation
  - Resource needs will vary
  - Want to support all colleges committed to GP implementation

• Assess colleges’ readiness to implement GP reforms
• Develop and provide technical assistance
• Develop indicators to measure colleges’ progress
• Evaluate activities – “is it working?”
• Provide Technical Assistance
Guided Pathways framework will help us:
• Build cohesive strategies
• Scale-up effective practices
• Align, streamline, and integrate
• And, most importantly, achieve major increases in student success
